Obstetrics Prepayment Plan

Having a baby is an exciting time for you and your family. At Bryan Medical Center, we want to help you have a pleasant stay and a successful beginning to parenthood.

Our Obstetrics Prepayment Plan for your medical center delivery charges can ease some of the anxiety associated with having a baby and add to the joy of this special occasion.

Services not covered

The plan applies only to billed medical center delivery and well-baby services. You will receive a separate bill from your attending doctor and other doctors who participate in your treatment plan or provide interpretation or consultation for anesthesiology, electroencephalography (EEG), radiology, electrocardiography (EKG), pathology services or consulting physician services.
For mom’s care
Bryan Health offers the following financial plan for normal or cesarean section delivery services.
You prepay $2,200 before your admission and Bryan will match this with another $2,200 for a total of $4,400 toward your delivery fees.
You will need to pay any balance greater than $4,400. Arrangements can be made with patient financial services if you are unable to make your payment within 30 days after you are discharged from the hospital.

For baby’s care
You also may choose to prepay for well-baby care. To do this, you must prepay $700 before admission and Bryan will match this with $700.
You are responsible for any charges for your baby’s stay that exceed $1,400. Again, arrangements can be made with patient financial services if you are unable to pay this account in full within 30 days from the time your baby is discharged from the hospital.

Example
Mother’s bill ................................................................. $5,000
Patient paid ................................................................. - $2,200
Medical center matches ............................................... - $2,200
Balance due ................................................................. $ 600

Baby’s bill ................................................................. $1,800
Patient paid ................................................................. - $ 700
Medical center matches ............................................... - $ 700
Balance due ................................................................. $ 400

Total both bills .............................................................. $6,800
Total paid by patient before delivery ......................... $2,900
Total matched by medical center ............................... $2,900
Total remaining balance patient owes ....................... $1,000

Hospital charges only
This plan covers charges for the mother and baby during their stay in the hospital. It does not include any doctors’ bills or other professional services ordered by your doctor. You will be billed separately for those services.

How to enroll in the plan
Complete this detachable card and return it by mail or in person to the cashier at Bryan East Campus.
If you have questions about this plan, please call patient financial services at 402-481-5791.
We reserve the right to change this plan or rescind this offer at any time. We will honor this offer for any completed deposits if changes are made.

Please enroll me in the following Obstetrics Prepayment Plan(s):
- $2,200 plan for medical center delivery services
- $700 for medical center well-baby care services

My prepayment is enclosed, and I have read the brochure and understand the plan benefits and matching payment procedure.
