

# VIRTUAL SEMINAR

## ORTHOPEDIC SURGERY: MAJOR RISKS

Tuesday, April 12; 6-7pm Mountain Time, 7-8pm Central Time

### Presenters

**Dr. Eric Zacharias**, Director of Medical Education, COPIC and **Dr. Davis Hurley**, Orthopedic Centers of Colorado

As part of our efforts to address the needs of key medical specialties, COPIC created this new seminar that covers current issues/trends and shares our expertise about orthopedic surgery. Our physician risk managers will give an overview of common and emerging high-risk scenarios for orthopedic surgeons and then present illustrative cases based on actual medical liability lawsuits from the COPIC files. Our goals with this seminar are to keep you informed of critical risk areas, reduce your chances of being named in a lawsuit, offer insight to enhance patient safety, and create a forum for orthopedic surgeons to discuss challenges they are facing.

### SEMINAR OBJECTIVES:

- Articulate major patient safety and lawsuit risk areas in daily practice.
- Anticipate high-risk clinical scenarios in different care settings and actions to prevent adverse outcomes.
- Describe clinical situations where enhanced physician-patient shared decision making can improve patient safety.
- Analyze situations that may increase risk for systems failures that lead to patient risk.

**Attendees will receive 1 COPIC point and 1.0-hour of CME.**

### REGISTRATION:

This seminar is open to all interested physicians and advanced practice providers and will be hosted in a virtual Zoom meeting format.

## **FINANCIAL DISCLOSURES:**

COPIC's faculty speaker, authors, invited speakers, moderators, reviewers, planning committee, CME committee members, et al. and their spouse/life partner have disclosed they have NO financial interest/arrangement or affiliation with any commercial interests that produce, market, re-sell, or distribute healthcare goods or services for patients that are relevant to their presentation(s) or that have provided commercial support for this continuing medical education activity.

This COPIC CME educational activity was planned and developed to: uphold academic standards to ensure balance, independence, objectivity, and scientific rigor; adhere to requirements to protect health information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA); and, include a mechanism to inform learners when unapproved or unlabeled uses of therapeutic products or agents are discussed or referenced.

This activity has been reviewed and approved by members of the COPIC CME Committee in accordance with COPIC Office of Continuing Education CME accreditation policies. Office of CME staff, planners, reviewers, and all others in control or influence of the content of this activity have disclosed no relevant financial relationships.

No commercial support was provided to fund this activity.

### **Target Audience**

This activity has been designed to meet the educational needs of all clinicians and non-clinicians that care for patients.

## **CREDIT STATEMENTS:**

### **Physician Credit**

COPIC is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

COPIC designates this activity for a maximum of 1 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
